REV. Dr. STICKLAND'S American FAMILY PILLS are most undoubtedly the best vegetable compound ever discovered for the cure of Liver Complants, Jaundice, Piles, Contiveness, Dyspepsis, Sallow Complexion, Sick Headache, Bitter Thate, Dropy, Kidney Affections, Gravel, Rheumaism, Internittent Fever and Ague, Influenza, Colid, &c. Being in strict accordance with the unalterable laws of creative Providence, and a knowledge of Anatomy and Physiology, the Boctor is convinced that the same Allwise Being has created in the vegetable world a remedy for every disease that flesh is heir to Anatomy teaches that the human body contains many important organs called glands, each of which is employed in secreting from the blood its own appropriate fluid, the chief of which is the Liver, Ridways, Salvary and Glandular hodies connected with the pores of the skin. The Liver and Salvary Glands secrete from the blood those fluids that carry on the work of digestion, and thus promote the healthy action of the blowels. The kidneys and skin secrete from the blood those deleterious impurities which, if obstructed, will produce many diseases, and health be entirely impared. Now, this vegetable compound attacks the liver, stimulates it to adult the content of the liver and the content of the Richer Company diseases, corrects the binous and digestive organs, causing the kidneys to act, and opening the pores of the skil. Hence the "Purification of the Blood," whereby perfect health is restored. For convincing proof of the above the Doctor requests a perusal of his pumphlet, setting forth most fully the pain-sophy of their action, with full directions and certificates of unparalleled cures. Office 135 Fulton st. New-York, and sold by venders of medicine generally.

From John Milton Earle, Proprietor of the Massachusetts Syr, Worcester, Mass. The following is another link in the great chain of testimony to its merits. "We have used Dr. Swayne's Compound Syrup of Wild Cherry in our family, and find it one of the most soothing and agreeable medicines for coughs, inflammation of the Broat, lungs, Rc, that we have ever tried, and have no hesitation in recommending a trial of it to those who have secasion for such medicine. We do this of our own free will, without the knowledge of Dr. Swayne or any of his areats, or any succession from them."

Dr J. H. Ellison, Frankfort, Ky, states:
